NUMBER 49

W. M. A. 14; KEMPER 0

Wentworth Wins Prep-School Championship in a Sea of Mud.

INTERESTING GAME THROUGHOUT

Wentworth's Goal in Danger But Once. Teams Evenly Matched in Weight, But Wentworth Knew More Football.

The football classic among the prep-schools of the state was played yesterday on the Wentworth field under the most unfavorable conditions. The weather man had been acting right decently up until about one-thirty o'clock yesterday when he succeeded in making himself the most disliked person known. The rain driven by a strong wind drove everyone to shelter and thoroughly soaked the football field.

When it came time for the game to be called the field was ankle deep in mud. The crowd, which was considerable larger than one would have naturally expected, came late. After once on the ground and the game had started, the mud was forgotten, as the struggle was well worth the sacrifice.

The first half was unproductive for both sides. Wentworth received the kick and after carrying the ball a short distance fumbled. A Kemper man got it. Kemper then tried her powers, but failed to make any impression and had to kick. The ball then sea-sawed back and forth, mostly in the center of the field, through the first quarter and well in to the second quarter before there was anything that looked anywhere near a score. Late in the second quarter Wentworth got loose for a long end run and put the ball on Kemper's fifteen yard line. Kemper, however, had no intention of being scored on at this point, and fought the red and white for all they were worth. The first half ended with the ball in Wentworth's possession in Kemper territory.

After employing the fifteen minutes between halves in removing from their shoes, clothing and hair as much mud as possible, the game took on a more lively aspect. Kemper stopped the heart beats of the local rooters when one of their backs roared through Wentworth for what looked very much like a touchdown. He had gotten through and clear and in mighty strides was making his way to score and a possible victory. But, (There's much comfort in that word) after what seemed a week, a Wentworth man, Minor by name, took out after him. Yes, he caught him on the ten yard line, and a great sigh of relief went up. Here Kemper lacked the punch and lost the game. For soon afterwards, Wentworth worked the ball into Kemper's territory and with a long bounding kick to help, had the ball near Kemper's goal. Kemper assayed to kick; but the kick was a fizzle and the ball was downed behind the Kemper goal line with a Kemper man on top of it. The referee gave Wentworth a safety and two points. Score: W. M. A. 2; Kemper 0.

In the fourth quarter things began to happen. It was not very old when Wentworth broke loose for a touchdown. Something happened not according to the rules and the ball was brought back. Wentworth, however, was not to be denied, for soon afterwards another end run resulted in a touchdown. The try at goal was a failure. Score: Wentworth 8; Kemper 0.

Wentworth was not content with this score and in a few minutes pulled off the thriller of the day—a long forward pass to Suppes, who caught the ball on the run and carried it over for the second touchdown. No goal was kicked. Score: Wentworth 14; Kemper 0.

It is to be regretted that the game had to be played under so unfavorable conditions. Neither team could do themselves justice, and while it is believed, by the Wentworth sympathizers at least, that the Wentworth team knew more football, a dry field would have left no cause for doubt. There was one pound's difference in their average weight; Kemper's average was 158 to Wentworth's 159. On straight football the teams were

BRICK WALL COLLAPSED AT ELECTRIC PLANT

No Power Saturday Until 4:20 P. M. All Business at a Standstill.

Saturday morning about nine o'clock a brick partition wall between the boiler room and the engine room at the electric plant of the Missouri Gas & Electric Service Co., gave way and so muzzed up things that the town was without power until late Saturday evening.

The collapse was caused by excavating near this wall. Workmen had dug several feet below the foundation of the wall, preparatory to the installation of a new engine. It is supposed that the excavation caused it to weaken. Several men were at work in the engine room at the time but received ample warning in time to escape injury.

The main steam pipe connecting the boiler with the engine was broken, causing the tie-up of all machinery run by electricity. As the gas is made by electric power, that too, gave out.

Repairs were completed as soon as possible, and at about 4:20 the inconvenience was forgotten, as all hands had plenty of "juice."

Birthday Party.

Miss Marguerite Palmer, daughter of Mr. and Mrs. Wm. Palmer, entertained Monday night with a birthday party at her home, 912 Franklin street.

The color scheme was carried out in pink and white. Large bouquets of pink and white carnations decorated the table, while the centerpiece was a birthday cake with fourteen candles.

The evening was spent in playing games. Refreshments were served at 10 o'clock.

The following guests were present:

Mary Cavanaugh, Mary Frances Rosewell, Mary Taubman, Pauline Harding, Geneva Harding, Gladys Wright, Ruby Wright, Edith Bledsoe, Cletive Ruby, John Holleron, Russell Ragland, Willie Rush, Robert Taubman, James Owen, Halway Taubman, Ben Shelby and Richard Cavanaugh.

The out-of-town guests were: Helen and Frank Ransdall of Kansas City.

Mrs. Palmer was assisted by Misses Gussie Perry and Mable Rush.

PROGRAM OF MUSICAL CLUB

Monday, November 22nd, at 2:30 o'clock.

Study—Schubert and Schumann.
Roll Call—Current Events.

Miss Katherine Todhunter.
Violin—"Pregliera".....Schubert
Miss Emory Todhunter.

Song—"Erl Konig".....Schubert
Mrs. A. W. Allen.
Piano—Papillons.....Schumann
Mrs. Worth Bates.

COUNCIL BOUGHT COTTON HOSE

Held Special Meeting Friday Night and Closed Deal For 1000 Feet @ \$1.05.

Friday night the city council met in called session for the purpose of threshing out to completion the hose situation. The meeting was attended by Mayor Taubman, Councilmen Buellens, Minort, Steel, Howard, Perry and Tribble.

After a full discussion of the different makes of hose, Mr. Minort read a resolution authorizing and instructing the Mayor to sign a contract for the purchase of one thousand feet of "inner tube and outer jacket" cotton hose at \$1.05 a foot, payable \$500 in four months, balance February 1st, 1917, all councilmen present voting for the resolution.

Mr. Newbegin, representative of the Geo. C. Hale Co., wired the order to the factory at once. He states that the hose ought to be here in about three weeks.

If the hose in question turns out to be faulty, no doubt many will say, "I told you so." But as all "fire" hose looks the same to us, we're not going to make any predictions now or exercise the right of free speech afterwards. We need fire hose right away.

Resolution.

On October 28th, 1915, Mrs. S. J. Andrew, our beloved sister and co-laborer, was called to her heavenly home.

She was an intense sufferer for many long months, but always patient and submissive, after forgetting self to sympathize with others. She was the mother of six children. Five were in heaven to greet her. One died in infancy, the others had grown into beautiful Christian characters guided by Godly parents, and kept by the Spirit of God. It mattered not how dark and full of mystery the dealings of God, the mother's faith never wavered.

She was always able to say: "It is the Lord, let Him do what seemeth Him good." Her husband and daughter alone, nursed her with untiring love, during her long illness. And now we, the Ladies Mission Circle of the Presbyterian Church of Lexington, Mo., resolve to keep in memory Mrs. Andrew's spiritual life, and draw from the same fountain of living waters that enabled her to grow in grace and bring forth fruit to God's glory; and that we will pray for, and sympathize with the bereaved husband, daughter, sister and only grand-child. Remembering that God has promised to encircle them with the everlasting arms, and to sustain and comfort them.

MISS MARIA WOOD,
MRS. T. C. SAWYER,
MRS. B. R. IRELAND,
Committee.

Mrs. Lizzie McMillan Andrew was born in Onslow County, North Carolina, September 7, 1843. She was married to Samuel J. Andrew June 13, 1866, and moved to Missouri in 1868. She had 6 children.

Mrs. Andrew was the daughter of Dr. George M. McMillan. She is survived by one sister, Mrs. Laura M. Beck of Los Angeles, California.

Engagement Announced.

The engagement of Mr. William Connor Tunstall, formerly of this city, to Miss Vivian Clarabelle Cutler, of Kansas City, has been announced. The wedding will take place in January.

The Final Carving

IN THANKSGIVING MILLINERY ANY HAT IN THE HOUSE, INCLUDING THE FAMOUS "ELZEE" AND "GAGE" PATTERNS AT ONE HALF PRICE

THE QUALITY STORE

WAVERLY FOR ROCK ROADS Dr. King Will Leave Lexington.

The Election Wednesday Resulted in a Bond Victory.

The voters in the Waverly Special Road District rolled up a handsome majority Wednesday for a \$49,000 bond issue for rock-ing the roads in their district. The vote was 461 to 68, nearly 7 to 1. The majority was so overwhelming as to leave no doubt as to the sentiment for rock-ing the most important road between Kansas City and St. Louis.

The Wellington-Napoleon district recently voted \$55,000 for rock-ing the roads in that district, which will give Lexington an all-year around road into Kansas City.

The Dover district will, no doubt, in the near future call an election and provide for the ten miles intervening between the Lexington and Waverly districts.

Dr. R. M. King, who has been living in Lexington for the past eighteen months, will leave in a few days with his family to locate at Robbins, Johnson County. Dr. and Mrs. King have made many friends in Lexington, who will regret to hear of their decision to live elsewhere.

John P. Gordon Honored.

John P. Gordon, state auditor, has recently been honored by being appointed a member of the personal staff of General Thomas Love, commander of the Missouri Division of the United Confederate Veterans. He was appointed Judge Advocate General with the title of Colonel.

Of a list of 737 women at the University of Missouri at Columbia, compiled during registration week, only twenty-eight expressed no preference as to church membership.

THERE'LL BE A SORE SPOT

You can bet your life, if a board's not dry, It will begin to warp and crack, But leave a sore spot wherever used— But you can not take it back. It's always best to be good and sure That your lumber is sound and dry; That's the only kind we ever sell— It's the kind that you should buy.

We have solved your Lumber problems in advance by being particular to buy only the very choicest stock—the very cream of the mills. And why should any man buy "next best" somewhere else, when the VERY BEST costs no more here? Let us make you an estimate on whatever you need. Our prices will please you.
